The Byron Hoppers returned Monday from a motor trip to Oklahoma, New Mexico and thereabouts. Mr. Hopper said he had seen more change here in the seven days than in seven years in the middle west. He declares everyone here looks happy, they are prosperous and enjoying life. "We are sold all over again on this Sierra Madre life" said the Hoppers.

There hasn't been a whisper about the town as to Christmas plans for decorating the Square. We suggest that if you have an idea it be submitted through this column. Can't someone devise a clever decoration for the town that is not too expensive. Plans should be made very soon.

## ST. RITA FETE SET TO OPEN NEXT WEEKEND

The Carnival Bazaar taking place next Thursday, Friday and Saturday, October 9, 10 and 11 at St. Rita's School Hall will mean a good time for hundreds of people. The project was planned to provide funds for additional housing and facilities of the growing school.

The men and women of the church are taking the preparation for the big event with great enthusiasm and have scheduled everything from a Spanish Supper to grab bag for the expected crowds.

## CITY TAX RATE TO BE DECREASED

Figures have been released by the County Tax office that the Sierra Madre tax rate for 1947-48, affecting the December taxes is slightly lower than last year, \$6.3722 per \$100, as compared with \$7.0089 last year, which might be good news BUT they also announced that the assessed valuation of the City has been increased from \$3,920,535 to \$4,742,685—a little more than a 20 per cent increase.

## Resigns As City Judge Of Arcadia

Judge Noren Eaton has placed his resignation as City Judge of the City Court of Arcadia before the Arcadia Council to be considered October 7th. Judge Eaton has served Arcadia for the past several months and finds the pressure of his private practice together with the presiding at the local City Court more than he is able to do.

## SPENDS 90th BIRTHDAY WITH EASTERN KIN

Friends in Chicago and Indiana will be glad to welcome Thomas J. Jackson of 188 East Sierra Madre Blvd. this week to spend the month of October. Mr. Jackson left last evening by train to make the trip alone and will spend his 90th birthday October 24th with friends of his younger days.

## MONROVIA COUNT RAISES CENSUS TO 18,011

The population of Monrovia has officially been announced at 18,011 according to figures received by City Clerk Frank Schallert from the Census Bureau of Washington, D. C. The official count represents an increase of 5404 since the census of 1940.

## "Our Pup"

We had a tiny pup named "Junior," he was black and white, and had stubby little legs. Full of life and fun, he ate, slept, and played with little Stevie and Susan. We liked him very much, he was one of us. But one day a speeding car ran him down and snuffed out his little life. Not a very great loss of course, mongrel dogs are run over every day, but it might have been Stevie...

A kind man heard of our loss and brought us another furry ball with wagging tail and joyous bark whom the children promptly named "Skipper". Within an hour they were pals, the usual excited barks, the happy laughter of children again pervaded the house. Well, within two weeks Skipper, too, was run down by a speeding car, not a great loss of course, but it might have been Susan...

The children mentioned in the pathetic account of the two puppies were Stevie and Susan Davis, living with their parents, Mr. and Mrs. Sam Davis on East Laurel.

## Area Increase Calls for Urgent Hospital Service

Preparing to arrange his business affairs to enable him to devote the major portion of his time to his office as one of the directors of the Santa Anita Hospital Association, Harry A. Lange, prominent real estate Sierra Madren is enthused over the project that will bring the 100-bed community hospital to this area.

Mr. Lange has lived in Sierra Madre fourteen years and has watched the growth of the city with much interest. Before coming to California he lived in the Mid-West where his father was a physician, so that Mr. Lange well understood the need of proper hospital facilities to aid the physician to care for his patients.

Speaking of his experience over the years, he said, "Due to my former business I have watched the increasing number of accidents and having oper-

HARRY A. LANGE

ated an ambulance it has proved to me that our city and sister cities have an appalling lack of hospitals; often, indeed, I have taken ambulance patients to the Pasadena hospitals only to find the patient had to be taken to the County Hospital because of lack of beds. As population increases the percentage of accidents and illness naturally increase in all communities but the trend of the times, seems to be an adjunct that increases fatalities.

"All members of the hospital board are vitally concerned as to the site to be selected; it must be located where it will benefit the most people in our area. Our board members are unusually congenial, we see the situation mind to mind and our president, Leo M. Meeker, is an inspiration to us all. Every physician to whom I have talked has taken up the project with enthusiasm, they, like us, know that with new doctors coming into the area, the situation is serious, there are no hospital accommodations for them without such facilities their profession is hampered."

"I am preparing to arrange my interests so that during the coming months I can devote the major portion of my time to this hospital project and I know that our treasurer, R. C. Lewis agrees with me that every board member should, in-so-far as is possible make the Santa Anita Hospital association his most prominent activity until we have the financial campaign completed and the hospital erected."

## YAMS WHAT AM GO FROM BUNKER TO BANKER

Pietro Giammarco moved into his Sierra Madre home on Bonita seven months ago—and when the right time came around to plant yams—he planted 'em. Friday morning he went out to dig up a hill, was amazed and pleased to find six yams therein—two of them measuring 12 inches in length with 8 inch diameters.

Roots and all, he carried them as a gift to A. E. Morgan, bank director, who reportedly smacked his lips and declared the monsters "just enough for two meals."

## 1948 Kiwanis President Made Known

A new Board of Directors for 1948 was elected at the Kiwanis club meeting Tuesday: Dr. Daniel L. D'Arcy, Rudolph Hartman, Dr. M. H. A. Peterson, Dr. Milton W. Valois, Frank Spencer, Charles Skutt and Lloyd Howard.

The new Board elected Samuel McElfresh, president, for the coming year and the other officers are to be elected at the next Board meeting to be held at the home of Arthur Morse.

Three directors of the Board

automatically hold over for another year. Dr. Lee Evans, Samuel McElfresh and president Robert Green.

Elected delegates to the District Kiwanis convention to be held at San Diego, October 16-18, are James Heasley, the president and president-elect.

P. J. Peterson of Arcadia, temporary chairman of an Arcadian group interested in organizing a Kiwanis club there, was introduced as a guest. The new club is being sponsored by the Sierra Madre and Monrovia clubs. The organization meeting will be held next week Wednesday evening and the following week, the local club will hold an inter-club meeting with the new group.

Dr. D'Arcy, program chairman, introduced Wm. B. Munro, Jr., of the editorial staff of the Pasadena Star News who discussed the mechanics and operation of a news room, the present week being National Newspaper Week.

Harry Lange introduced his brother-in-law, Harold Petz, of Long Beach as his guest.

## Praise by Governor Warren Opens Newspaper Week

Newspaper week over the nation started yesterday. Governor Warren in a proclamation urged all citizens to familiarize themselves with the many forms of service the newspaper renders to the community.

"One of the distinguishing features of the American way of life is the guarantee of freedom of the press. It is one of the most cherished guarantees in the Bill of Rights. This basic right has been exercised by the daily and weekly newspapers to better serve our people. The press of America has throughout our history truthfully disseminated the facts which the people in a democracy must have if they are to make sound decisions. For over a century and a half, our newspapers have consistently fought oppression, injustice and corruption in every form."

Newspaper Week also received official recognition when the Board of Supervisors passed a resolution presented by Supervisor Leonard J. Roach.

"Freedom and the right of citizens to life, liberty and the pursuit of happiness have been won largely because of free press," stated the resolution. It also called for a "vigilant guardianship of the most potent and vital force in developing and molding public opinion."

Sierra Madre mineralogist, Warren Jones compares a 2 1/2 pound chunk of cassiterite to the 350 pound piece which he found in Peru and brought back with him. The piece is the largest in the world.

## Local Traveler Tells Of Rock Collecting Thrills

This rock collecting business isn't the stone cold proposition you might think it to be.

It wasn't at least, for Warren R. Jones, 21-year-old Sierra Madre mineralogist who just returned from a 16,000-mile expedition through South America by jeep.

All that happened to Jones was that he was almost lynched by a gang of inhospitable Indians, nearly froze to death on an Andes plateau, wangled his way into Mina Ragra in Peru where vanadium oxides are mined and where no "outsiders" have been allowed for more than 20 years, and managed to "smuggle" the world's largest specimen of cassiterite out of Bolivia where the national police had been searching for it for seven years—and probably still are.

## Presidential Appointment Received

Eddie Robertson received his official certificate from President Truman Monday of appointment as Postmaster in Sierra Madre as of July 2nd. Inasmuch as Mr. Robertson was appointed acting postmaster July 1st he in reality performed that duty for only a day before becoming postmaster.

## TEACHERS' CLUB MEETS WITH NEWLY ELECTED OFFICERS

The Sierra Madre Teachers' Club held its first meeting of the school year Tuesday afternoon. The new officers which were elected last spring presided for the first time, Dorothy Moore, president; Mrs. Zayda Leonard, treasurer; Betty Newton, secretary. Mrs. Franklin Bradshaw was elected vice-president at this meeting.

Refreshments were served by the social committee Mrs. Abby Pascoe chairman. Many plans for the year were discussed and committees appointed.

## Auto Registration Cards Must Be Visibly Displayed

California motorists will be asked to place 1948 registration cards in their automobiles in such a manner that the name can be read through the closed front left-hand window. Motor Vehicles Director Edgar E. Lampton said today.

A request to that effect is being printed on the reverse side of the new registration cards. "By this means we hope to eliminate a large share of the inquiries from police departments concerning registration of cars tagged for parking violations," said Lampton.

"Inquiries from such sources—as many as 1500 a day from San Francisco alone—have slowed down operations in the Division of Registration. If officers could read the name and address from a registration card placed conveniently in the driver's compartment a lot of this work would be eliminated."

## SUMAN WARE DISPLAY AT EXPOSITION

Suman of Sierra Madre is represented in an unusual display of new china, ceramics, glass, candles, leather and gift items, made in California, which will open at the California State Exposition at Exposition Park on Friday.

The display of the Sierra Madre firm will feature dinnerware.

## BLOOD BANK

Have you made your reservation for donation at the Blood Bank October 16th? Vice-chairman Mrs. Mae DeWright is much concerned over the lack of response, few appointments have been made. Call your local American Red Cross NOW, CU. 5-6183 and ask for the opportunity of an appointment with the Mobile Unit October 16th.

## Old Cemetery May Revert To City Responsibility

When is a cemetery not a cemetery or who wants a cemetery, occupied the attention of the City Council Tuesday evening. It appears that the city is about to acquire the old cemetery on East Sierra Madre Blvd. whether it wants it or not. Mayor Milton J. Steinberger remarked, "It looks as though we have got ourselves a cemetery."

## New Member Elected To School Board

Announcement is made from the office of Supt. Charles Skutt of the appointment of Mrs. Edith Dane to the Board of Trustees of the Sierra Madre School District. Mrs. Dane will fill out the unexpired term of Mrs. Henrietta Hinkley vacated by resignation.

Mrs. Dane's life has been closely associated with education, she is a graduate of Vas-

MRS. EDITH DANE

sar and attended the Harvard School of Education. Her teaching experience includes a private school in Boston and at the Flintridge School for Girls before it became Anokaia. Mrs. Dane is now teaching at the Community Nursery School assisting Miss Marjorie Green. Speaking of school association connected with Mrs. Dane's life she was born in the Thacher School for Boys at Ojai, California, the school founded and maintained by her father. An uncle of Mrs. Dane's, Thomas Thacher, was a professor at Yale and her grandparents were Mr. and Mrs. John Bloomer, one of the well known pioneer families of Sierra Madre. To Mr. Bloomer is credited the founding of our present Public Library.

Mrs. Dane with her husband, Francis S. Dane and sons Billy and Frank, 2nd and 4th graders, reside at 226 Olivera Lane.

October 8th will be the first board meeting at which Mrs. Dane will be present since sworn in to her new duty. The board includes two other members, E. Waldo Ward and Howell N. White. The appointment came through the office of the Los Angeles Superintendent of Schools, Dr. C. C. Trillingham.

## THE SEWERS ARE COMING

Many people do not realize that the time when Sierra Madre may have a sewer system is not far off. The outfall, a mile out into the ocean, has been completed and work on trunk lines started. About 1500 feet of main sewer has been laid from the south line of Arcadia, running north. This is the line into which the Sierra Madre system will be connected.

It is predicted that work in our city streets will be started within the next three or four months.

It seems that a water bill of about \$85 has accumulated against the defunct cemetery, and no one to collect it from.

An association was formed years ago but the incorporators have died or moved away and there are none left who will admit that they have any stock or interest. No arrangements have been made for perpetual care. So it was suggested that the city pay itself the water bill and make the best of a bad bargain.

## PACIFIC ELECTRIC ASKS FARE RAISE

A notice of hearing before the Public Utilities Commission yesterday for permission to increase and adjust fares for transportation was read to the city council and City Attorney Thomas Reynolds was authorized to appear on behalf of Sierra Madre to oppose fare increases and also reiterate the city's request for a feeder line so that there might be current enough to light a headlight and lessen the possibility of accidents due to the dim or no headlights.

The P. E. is asking for a raise from the present rate of 34 cents, 63 cents round trip between Sierra Madre and Los Angeles to 35 cents to Vista, 65 cents round trip and 40 cents one way, 70 cents round trip to P. E. Station.

## FRIENDSHIP CLUB ASKS MEETING PLACE

The Council received a communication from Mrs. Alice Sedgeman requesting the use of the City Park House one day a month for meetings of the Friendship Club, a social and educational organization which would be open to all men and women of Sierra Madre. The club, she stated, operates very successfully in Pasadena and it is hoped it will be well received here.

Permission was granted for any day that is available and the matter was referred to Park Superintendent, J. C. Lauber, to be checked with his schedule.

## Nine Decades Marked Up By Mrs. Dietz

Mrs. Elizabeth Strickton Dietz celebrates a 90th happy birthday tomorrow, October 3, a piece of information which may come as a surprise to her many friends, for Mrs. Dietz has remained very active in civic and social affairs in Sierra Madre.

Since her arrival here at the turn of the century, she has resided in the large two-story frame house at 85 South Baldwin. Her husband, the late Louis Dietz, was known as the "Father of the Town," and held the position of Mayor and later City Clerk until his passing in 1929. Mr. Dietz was formerly a newspaper man in Philadelphia, and during the early years of their married life the Dietzes traveled extensively over the country.

Mrs. Dietz, a charter member of the Woman's Club, was instrumental in organizing the group, for at that time she says, "there was virtually nothing in Sierra Madre." She is also a member of the Episcopal Church and has been a member of the Eastern Star for over 20 years.

Mrs. Dietz, who wishes it made known that she does all her own work, keeps house and attends to four smaller houses on her acre of ground, is enjoying the best of health.

## MERRILL HOME SOLD TO LOS ANGELES FAMILY

Sale of the Grunette home 116 Merrill, to Mr. and Mrs. Andrew Steiner of Los Angeles is announced by Ralph Burns, broker. Mr. Steiner is a chemical engineer formerly with Sherwin Williams.

Mrs. Grunette has gone to San Francisco to make her home with her son who preceded her by several weeks.

## ANAHEIM AND LONG BEACH GUESTS

## BLUE AND WHITE INSTALLATION DINNER WELCOMES NEW GIRLS AT ANOAKIA

New students at Anoakia will be entertained tomorrow night at the "Blue and White" grill dinner, when they will be chosen for either the Blue or White teams. The school is divided into two athletic groups for the year.

The dinner is given by the Athletic Association and the president, Carita Ackerman, and vice-president, Gail Arnette, who were elected last semester, will be installed. Other officers of the association will be elected at the dinner meeting. One of the interesting events of the evening will be the try outs for yell leaders.

This annual event is the official welcome to the new girls and climaxes a week's initiation program.

## MISSION PLAY REOPENS AT SAN GABRIEL

John Steven McGroarty's vision of a permanent Mission Play dramatizing the story of the founding of early California takes a step nearer materialization on Thursday, October 9th when the Fall 1947 season of The Mission Playhouse in San Gabriel.

The Mission Play which he wrote in 1912 ran until 1932, a record of twenty-one seasons, playing to over 2,000,000 people.

## MOVE TO LA JOLLA

## PETRIFIED FOREST OF SONOMA COUNTY

Proposal that the Petrified forest of Sonoma County be made a part of the California State Park system is endorsed by Dr. Ralph W. Chaney, Professor of Paleontology in the University of California. Dr. Chaney is author of the publication "Redwoods of the Past," issued by the Save-the-Redwoods League.

## GUIDE DOGS NEEDED AT HAZEL HURST

Have you ever thought of giving your dog a chance to lead a blind man? The Hazel Hurst Foundation for the Blind, located at 3306 Barbite Street, Pasadena, California, urgently needs female German Shepherd Police dogs between the ages of ten and eighteen months old. The Foundation has been training guide dogs and giving them to the blind for the past eight years.

1947 STYLES FOR D.P. KIDDIES . . . Children are pretty generally accepted as being universally interesting, particularly so if they're as cute as this pair, who are a couple of displaced persons living in a camp at Hanau, Germany. Here, they are modeling the latest thing in D.P. children's petticoats and pants, made from American Red Cross hospital bedside bags and dirty bags. D.P. camp workers are converting them into clothing—enough for an outfit for every child in the 411 camps.

## RUBBISH DUMP REMEDY SOUGHT BY COUNTY

In an endeavor to rid county highways of unsightly rubbish illegally dumped along roadsides, the Board of Supervisors is considering establishment of a number of wooden bumpers in which citizens can deposit rubbish.

According to the office of County Supervisor William A. Smith, the County Road Department was instructed to study this possible solution of the problem and report. It is declared the collection of the rubbish from the bumpers along the highways would be much less than present costs in removing it from highways.

## DEATH OCCURRED IN MICHIGAN

Word has been received by Sierra Madre friends of the death of Edward W. Reid at his home, 8470 Perry Road, Atlas, Michigan. Mr. and Mrs. Reid have owned property at 756 Auburn and lived in Sierra Madre several years and have many friends here who will be grieved at the news.

YOU HAVE NO IDEA how much we learn here at the Balling Baby Shop about the good things many people do for others. For instance, Mrs. G. B. Harvey, here in Monrovia, is taking care of the baby of a young Chinese couple who are trying to finish college together. They expect to return to China and teach. The cute little Chinese baby's name is nothing like "Sing Ling" or "Woo Loo." It's Joe.

LOTS OF NEW SWEATERS are coming in now. Sizes from 1 clear up to 16. Styles for both girls and boys. Just about any color or pattern under the sun.

NEW DRESSES TOO. Just opened up some "Handee" brand dresses that are cute as a button. These are smocked gingham. I haven't told you much about this "Handee" line, but I think I will, for they are coming out with some very clever styles, the frocks are exceptionally well made and the materials are unusually nice. They sell for 3.95 and 4.95.

PETTICOAT BLOUSES are something I wish I had had when I was a little girl, because my shirt tail was always coming out. These petticoat blouses are certainly practical, you can wear them with pinnafores or skirts, and the blouse always looks neat. They come in sizes 7 to 12, and sell for 3.95.

NEW DOLLS for Christmas are here. If you want to pick one out we will be glad to lay it away for you with a small deposit. GOSH! CHRISTMAS will be here again before we know it. Tempus sure fugit here at the BALLING BABY SHOP. 401 1/2 South Myrtle, Monrovia 5981.

## NURSERY PARENTS HEAR DR. ELIZABETH WOODS' ADDRESS

"The thing of greatest value that parents can give their children," Dr. Elizabeth Woods stated in her address sponsored by the Community School Nursery Tuesday evening, "is a feeling of security, a feeling of belonging and being loved at all times." She also stressed the importance of democracy and fun in the family, of sharing with even the smallest member in the family the plans and responsibilities of the recreation. Dr. Woods, Supervisor of Guidance and Counseling in the Los Angeles City School System also stressed the importance of par-

## S. M. Flower Show Set For November 7

The annual flower show date has been announced as November 7th to be held as usual in Pritchard Hall. This event is an opportunity for the townspeople to join in an exhibition of the fruit of the season.

The show is put on each year by the Women's society of the Congregational church. For the information of new people in the city it is well to recall that the exhibit includes plants, flowers, flower arrangement, fruits and vegetables from individual gardens. A corps of competent judges make the awards.

## NURSERY SCHOOL HOLDS OPEN HOUSE OCTOBER 10th

First social event of the fall season concerning the Sierra Madre Community Nursery School Association, will be an "open house" on Friday evening, October 10th.

Special guests for the evening will be the parents of the school's first "old grads" who are now attending public kindergarten, according to Mrs. Howell N. White, Jr., chairman of the arrangements committee. All parents of present enrollees and members of the board of directors are invited.

Program for the evening will be a demonstration-use of the school's educational material to the parents, affording a "different" slant on the teaching and learning processes," says Mrs. Dixie Tiller, president of the association. Refreshments, folk dancing, and a report from Mrs. Marjorie Green, school director, will round out the program.

The school's quarters in the Congregational Church will be the scene of the party, which will start at 8 o'clock. Among those assisting Mrs. White in preparations are: Mrs. Charles Skutt, Mrs. Samuel Perloff, Mrs. Victor E. Daniels, Mrs. J. Schmidt, Mrs. Adam Bennion and Mrs. Al Foxton.

## LUNCHEON SPEAKER IS INDIRA DEVI AT WOMAN'S CLUB

The Sierra Madre Woman's Club formally opens its year next Wednesday, October 8th with a luncheon meeting.

Indira Devi, lecturer will be the speaker bringing the group "Sunny and Shady Aspects of Daily Life in India". She is well qualified to speak on life in India as she spent ten years in India with her husband who was in the diplomatic service.

Indira Devi is a Russian by birth, a Czech by marriage and an Indian by adoption and while in India was as much at home in a Maharaja's palace as in the home of the poor.

"The luncheon meetings are on a different schedule this year. The meeting will begin with luncheon at 12:30 sharp, followed by the business meeting and program," declared Mrs. Wayne Bissell, luncheon chairman.

## EASTERN STAR FETES LOCAL GRAND OFFICER

Three hundred guests will attend the reception October 11th for the Deputy Grand Matron of the 81st District of the Order of Eastern Star to be given at the Masonic Temple. Many dignitaries from the district will be present. The Misses Marileen and Marjorie Scoville have been invited to appear as soloists for the evening.

Work Plan In  
Progress For  
County Aid

Some 300 or 400 persons now receiving county charity aid and who are unable to work but state they cannot find work, may soon find themselves working at such county jobs as school crossing guards or the like, following action of the board of Supervisors Tuesday.

According to Supervisor William A. Smith, the Chief Administrative Officer of the County has been instructed to devise a program of employment for these people whereby they can earn the amount now given by the county. Under the plan they would be made available for employment of any county department.

Tannin extract for tanning leather may be obtained from almond hulls, a University of California College of Agriculture expert has found.

ATTENDS HOME TEAM  
GAME IN CALIFORNIA

Miss Rebecca Jane Grimes of Boone, Iowa, enroute to college matriculation at Stanford University was a guest of her aunt, Mrs. Florence Wilhelm over the weekend and was joined here by another aunt, Mrs. Dorothy Johnson of San Diego. The trio attended the Iowa-UCLA football game Friday night at the Coliseum and Miss Grimes was disappointed that her Alma Mater did not make a victorious trip.

UNITY CENTER OPENS  
AT MASONIC TEMPLE

The Unity Center announces the start of devotional meetings at the Masonic Temple, 33 East Sierra Madre Blvd. every Sunday evening 8 to 9 o'clock starting this week under the leadership of Miss Irene Molloy. Healing meetings will be held Thursday afternoon the 9th at 2:30. The public is welcome to all services.

Television Center Nearly  
Ready at Mt. Wilson

Up Mt. Wilson above our very heads the nerve center of "Television Mountain" is housed in a newly completed structure, with equipment nearly installed. This station is the receiving and transmitting center of the Pacific Telephone and Telegraph Company. From here will be relayed the things you will see

or hear on your television set.

## THE WAY IT WORKS

In simple language, the course of a televised program will be this: Produced in a Hollywood studio it will go by wire to the telephone company's Hollywood station. From there, the sound waves will be sent to the telephone company's installation on Mt. Wilson by cable while the light impulses will be sent by microwave radio frequencies. Catching these waves hurtling up the mountain via two different channels, the telephone company's instruments there will put them back together and convert them back to wire for distribution to the television station that is to transmit them to your home.

A row of funnel-like receiver horns lining a big glass window and straining their ears down toward Hollywood will gather in the microwave frequencies carrying the light waves. The structure will act as middleman for the seven television stations that will be on Mt. Wilson and adjacent peaks.

## MOBILE TELEPHONES

Digesting television programs will not be the structure's only function.

It also will house receivers and transmitters for the telephone company's mobile telephone service, being headquarters for mobile service on highways between Ventura and Laguna.

Joe Doakes, driving near Saugus, can pick up the telephone in his automobile and talk to Bill Smith who is driving on a highway near Santa Ana and the powerful transmitters atop Mt. Wilson will get the call through.

NATIONAL SAFETY  
AWARD GOES TO  
UNION PACIFIC

The Union Pacific Railroad was presented the E. H. Harriman Memorial Medal for Safety in Railroad operations for the year 1946 at the annual dinner of the American Museum of Safety in New York on the evening of September 16.

Inaugurated in 1913 by the Museum of Safety in honor of the late E. H. Harriman, one-time president of Union Pacific and nationally famous railroad builder, the award has been won eighteen times by Union Pacific since 1924. In 1945, the railroad was given a special award for its record of safe operations throughout the year.

Going somewhere? Call the NEWS with the details 3324.

With all these chores to perform, the mountain installation will be crowded with scientific equipment and its three towers—the first in a man-made forest of steel that is to jut from the mountain summit—will have rigid branches of metal with weird antennas for blossoms.

On the floor below the main operations room is an emergency power unit that snaps on automatically within 15 seconds if the Edison power which ordinarily will be used should fail.

Also in the building is an excellent five-room apartment complete with a large heating unit against winter snows, living quarters for the operator of the station.

the back window, he rubbed his eyes. A cow in his yard was not there thru any maneuver of his. Did Mrs. McRoberts order more milk? He wondered. No, she had not bot a cow, "why?" "Well, there's one out under the avocado trees," said Mac. Just as the entire family was beginning to love the "bossy", the owner came breathlessly into the yard in search of her. Mac looked very sad. . . Local business man is notified that his missing car is in Las Vegas, Nevada. It had been abandoned there. . . Another "T. C." An intersection collision. All intersections are very dangerous. Watch out! . . . BARKING DOG . . . And ANOTHER "T. C." This time it was an intoxicated driver. Because the driver was the only person involved, he was the only person injured. What might have happened had there been others, can only be surmised. . . IF YOU DRINK, YOU HAD BEST STAY HOME AND BE QUIET. GASOLINE AND LIQUOR MIX ABOUT AS WELL AS GASOLINE AND A MATCH. A few traffic violators were found guilty in the local Court this past week. . . BARKING DOGS ARE SO numerous that the Blotter must skip some of 'em. Moonlight nights does things to DOGS. . . Two firemen again extinguish a fire before the signal sounded to call the firemen. Captain Brown and Fred Lewis were the "Two Man Fire Department" on this occasion. . . A hit and run driver injured a dog. The driver's heart must have been in the ditch. . . "Auto disturbing the peace." . . An urgent call for a doctor was too late. An elderly man had passed on. . . Dogs that follow children to school! are becoming so numerous that they are disturbing the school discipline and annoy the children. A carload of dogs was taken to the pound last Tuesday by the police. IT IS against the law to permit a dog to run at large. . . Electric wires down in the Canyon region are proven to be both sides of a live line. . . Too many dogs on one lot are complained of. That is NOT "dogma". An ordinance provides that only a certain number can be kept. . . Because she had violated about all the rules of a witness in Court, Judge Eaton dismissed himself from the Case declaring that he could

not possibly sentence the lady without her believing that he was prejudiced. The case was moved to another Court. She thought she had the right to tell 'em all "Off". "People are funny". . . There is really no sense in imagining that police and judges cannot be human. . . Most of them are. . .

a few complaints of unnecessary noises. . . Three stop signs found 'neath the orange trees, left there by culprits who had removed them from corners in the territory of Arcadia. . . The source of obnoxious smoke could not be located. Chunn wrote, "It smelled like burning garbage." . . An urgent call for the fire department's resuscitator. Chief Vern Udell and Captain Charlie Brown responded. . . The cops were called to assist in getting a sick man from "upstairs" to "downstairs". . . A brush fire just out of City Limits. Too close for comfort. . . School children are beginning to make the blotter. Some of them are failing to arrive at their homes on time. Cause for anxiety. . . Holes in street left by gas company employees are complained of. . . A boy and girl, both of kindergarten age are way late. Mothers get very worried. ## AROUND THE TOWN

House guests of Mr. and Mrs. Remington Stone, 321 East Grandview, are Mr. and Mrs. A. W. Malone of Fillmore, Utah. A Sunday dinner at the home of Mr. and Mrs. John L. Powell, 600 East Grandview, was the first get-together of a group of old friends since the start of the war. The group included Mr. and Mrs. Haues Hurtford, Mr. and Mrs. Roger Johnson and Dr. and Mrs. Earl Anderson, all of Riverside.

Seaman Robert Annas, son of Mr. and Mrs. William Annas, North Lima, recently returned from the Pacific area, is home in good now. He will be discharged next month from the U. S. Navy.

Mrs. Carmel Johnson, 315 N. Baldwin, preceded on evening of sewing for the coming bazaar at St. Rita's church with a chow-chin dinner for the ladies.

## WOMEN'S SOCIETY HEARS SPEAKER FROM SOUTH AFRICA

The Women's Society of the Congregational Church presents Miss Ruth Cowles of Johannesburg, South Africa, as its speaker at the opening all-day meeting Tuesday, October the seventh.

Miss Cowles is a missionary nurse whose work has been among the mine workers of the large gold mining center. Her address will be illustrated by an exhibit of many items of interest brought home with her.

Current and religious topics will be presented at the morning session by Miss Marjorie Adams, and Miss Martha Pritchard.

After luncheon, Mrs. Carl Smith will open the afternoon with devotions and Mrs. William Cahill will give a group of vocal solos, accompanied by Mrs. Catherine Kirk.

All women of the community are invited to be present.

## COLLEGE STOPS ENROUTE VANCOUVER TRIP

First to see daughter Carol at Santa Barbara College, then sons Tommy at Midland, Los Olivos and Jerry at Stanford. They are driving up next week and plan to be gone three weeks.

## ENTERTAIN FRIENDS OF EARLIER DAYS

Close friends were entertained last week at the home of Mr. and Mrs. W. C. Jones, 49 East Alegria, Mr. and Mrs. Charles G. Marshall of Fremont, Nebraska who knew Mr. Jones when he taught in Fremont in 1890. They have been in California a month, but left for home Saturday by Union Pacific.

## JAMES AND A BIRTHDAY CAKE

John E. Meyer, son of Mr. and Mrs. Edwin G. Meyer, 765 1/2 Alta Vista Drive, celebrated his fourth birthday last Tuesday with a party in his home. Young guests included Alice Pope, Peter Ward Jr., Gerald Paige, Charlotte Botsford, and George and Bobby Meyer. Refreshments were ice cream and cake, and the children enjoyed games and blowing plastic bubbles.

## No More Fear of Choking, Gasping Asthma Spasms

Scores of local citizens are free from the fear of attacks of Asthma since the famous physician's prescription, known as B.T. Formula has been made available to the public. B.T. Formula is a liquid medicine, which, if taken regularly, lessens and allays the attacks of bronchitis to the point of bringing asthma sufferers almost complete relief from this dreaded occurrence. B.T. Formula enters the blood stream and reaches the bronchial tubes, both large and small, loosening the phlegm that brings on the choking and loss of breath you have experienced. ## Christmas Oversea Mail October 15th

Instructions were received by Postmaster Robertson this week for the Christmas mailing to members of the Armed Forces overseas. The term "armed forces" includes the personnel of our armed forces and authorized US civilians employed overseas, who receive their mail through an A.P.O. or fleet post office in care of the postmaster at New York or San Francisco, or A.P.O. in care of postmaster at Miami, Fla., New Orleans, La., or Seattle, Wash.

## TIME OF MAILING

Christmas parcels for overseas personnel should be mailed during the period beginning October 15, 1947, and ending November 15, 1947, the earlier the better. Parcels destined for Japan, Korea and Pacific should be mailed as early as possible during the stated period.

It is suggested, however, that parcels for Navy and Marine Corps personnel serving in remote areas be mailed not later than October 15.

Christmas cards may be mailed at any time but patrons should mail such cards prior to November 15 if they expect reasonable delivery before Christmas.

## SIZE AND WEIGHT

Christmas parcels should not exceed 70 pounds weight or 100 inches in length and girth combined. The various services have pointed out that members of armed forces are amply provided with food and clothing and the public is urged not to include such in gift parcels. It is better to limit gifts to articles not obtainable by the recipient.

## PREPARATION

Boxes for overseas should be stronger than boxes used domestically. Because of the transportation, storage and handling which the parcels undergo they should be of metal, wood, solid fibre or double faced corrugated fiberboard, testing at least 200 pounds.

Each box should be securely tied with strong cord, preferably by four separate pieces, two lengthwise and two crosswise.

Valuable articles should be insured or registered.

Perishable matter will not be accepted and the sending of fragile articles should be discouraged.

## Left Monday On Two Mos. Plane Trip

William "Red" Waite, 565 Woodland Drive left Monday as flight mechanic on a Lockheed "Constellation" when it took off on a two month sales trip. The first stop will be Mexico City, then on to South America. Mrs. Waite was fortunate enough to see the huge plane at close hand when she took her husband to the airport. She remarked that it tops any of the modern transportation planes.

The four sisters and a brother have not seen each other in 25 years. Mrs. Robertson will spend a month in the East.

## TRAVELLING WITHOUT GUIDE OR COMPASS

Mr. and Mrs. Roy D. Parkes, 833 Canyon Crest Drive, took off on a two week trip a short time ago, that would be the envy of most folks. Without a plan in mind, or reservations, except a stop in San Francisco and dining at the Santa Maria Inn, they drove up the coast. They found the Mother Lode Gold Rush District interesting as well as Monterey, and spent nights at Shell Beach, Carmel and with friends at Pebble Beach. Returning last week, Mrs. Parkes said, "It was our first vacation of that type in 12 years, so we meandered with the greatest abandon, and had a beautiful trip."

## Millinery Gains In Interest

### Crowns Rounder In Keeping With Silhouette

In harmony with the revolutionary new costume silhouettes, hats for fall 1947 have a new feeling of full-blown softness, feminine drapery and generally larger size. The magnificence of the era of 1911-1912 is recalled both in silhouettes and in the materials from which these handsome new hats are fashioned. Soft beaver felts, velvets, satins and laces are artfully draped in distinctive "milliner" hats from the high-fashion houses and even the popular-priced young hats are enriched with soft detail.

The larger crown is important for its soft look, which is often achieved by graceful turban-like draping or puffy, beret fullness. Although still fitting comfortably down to the nape of the neck, the new crowns have none of the starkly head-hugging severity so popular in the last few seasons. Even the casual tailored hats have softly rounded sides or slightly higher crowns that suggest "air space" between the hat and head, which looks distinctly new.

Brims, too, have fluid softness and follow the curved line of beauty. The enlargement of the silhouette frequently shows itself in side-to-side width and there are many broad, oval brims and the recently revived swag hats. Narrow brims balance the more elaborately draped crowns and there are many brimless turbans and toques as well.

With more elaborate hat materials and silhouettes, trimmings are usually restrained. Feathers are frequently used in a single spray and there are many interesting varieties including simulated aigrettes, a new mock-Paradise, ostrich plumes, speckled game bird quills and gleaming coq.

Ribbons are usually wide and lavishly draped, shirred, tucked or looped. Satin and velvet ribbons are favored, but even tailored grosgrain bands are usually tied in soft bows, loops or streamers rather than severely knotted. Elaborately patterned veils and meshes are lavishly used and scarf draperies of chiffon, jersey, veils or self-material are popular.

Fall hat colors are warm and rich. There are many copper and brandy tones, ranging from palomino beige to deep chocolate brown. Greens are subtle and mossy or dark spruce tones. There are occasional flashes of crimson and many wine tones, deepening to purple and grape. Vivid royal blue and deep steely greys are also smart, but as ever, the most popular hat "color" of all is black. The all-black hat, combining materials of different textures, perennially looks new.

Because Juniors like their hats simple, the trend to larger, softer millinery silhouettes has been greatly modified to meet their needs. Gay colors and perky little trimmings add the

## Shoes Get A Lift

Women whose feet march in Fashion's vanguard are showing a preference for traditional soles and heels this fall. BUT they are also showing a growing inclination to cover the instep and in some cases even the ankle! It's the boot influence back again—and provocative it is, with the longer skirts.

With the boot's revival will return the combining of calf or patent leather with suede or fabric.

## TWAIN WORKS ON VIEW AT HUNTINGTON

Down the Ohio and Mississippi Rivers in the wake of Mark Twain, Dixon Weeter, chairman of the research staff of the Huntington Library and literary editor of the Mark Twain estate, journeyed this summer on an expedition from which he returned last week to the Huntington Library.

Thirteen hundred miles in a tow-boat from Louisville to New Orleans took the Mark Twain scholar down the same currents and around the same bends that the great humorist navigated as a river pilot ninety years ago.

Many items from the Mark Twain estate collection are now on public exhibit at the Huntington Library and may be viewed during the month of September prior to the annual closing of the institution for renovation in October. Exhibition hours are from one to four-thirty every day except Mondays. Reservations are necessary and may be made by telephone

## PRO AMERICA STUDY GROUP RESUMES FALL SCHEDULE 7th

The Pasadena unit of Pro America begins a fall study course with a meeting scheduled for October 7 at 10:15 a.m. at the home of Mrs. Leonard Schwartz, 610 South Orange Grove, Pasadena. This is to be the first of a series of study and discussion meetings under the direction of Mrs. H. J. Garretson. The general topic will be "What is propaganda doing to our basic American principles?"

All Sierra Madre members and others interested are urged to attend these meetings, designed to fill a need felt by women interested in national and world problems. Please bring guests.

softness and eye appeal they like.

The cloche and the derby continue to be the younger set favorites. But in keeping with the new, more feminine dresses and coats, hats go round and round. The curve is the smartest angle and even the edges of young hat brims have a feminine, rounded look achieved by rolling or by doubling back the felt.

But even though young hats have much of the same rounded, head-snugging look, their crowns are a tiny bit fuller or deeper than they were last winter. Brims, in addition to their softer curves, tend to be oval side-to-side rather than perfectly circular.

**PISCATORIAL DYNAMITE . . .** Brand-new industry in eastern Canada, started just a year ago, the trapping of 800-pound tuna is called the most thrilling commercial fishing industry in America. At Hubbards, Nova Scotia, a unique colony of 100 men has been established to snare the giant fish for canneries. Picture shows a boatload of "elephants," as the Nova Scotia fisherman calls the big tuna.

*"What do men know about washers!"*

Dear lady, we'll have to admit that actual users of Maytags can tell us a few things. And they do! They even give sales talks to us about how marvelous their Maytags are . . . and they'll be mighty glad to tell you, too.

Why not ask some of them about Maytag, before you get a new washer? You must have relatives, friends or neighbors among the millions of enthusiastic Maytag owners (over 4 1/4 million — first-hand.

Maytags sold—far more than any other washer). If you don't know any owners, we'll be glad to give you the names of some who live near you. Talk to them, personally or by 'phone, and find out exactly what you want to know — first-hand.

## THERE IS NO PLACE LIKE HOME

After ten vacationless years, Mr. and Mrs. John A. Christiansen, 320 North Lima and children Carlene and Jerry made up for lost time. Embarking by auto July 26th they went to Yellowstone Park and Northern California. They visited Mrs. Christiansen's brother, Ben Rossum at Sydney, Montana, and Mr. Christiansen's parents at Sloveng, California and spent several days of sight seeing. They arrived home Sunday and sighed, "the trip was grand, but it's so nice to be home!"

families in the hurricane ridden Gulf Coast states and Southern Florida, the Red Cross announced today.

## DAVID slew Goliath WITH A PEBBLE

WITH a single swing of his slingshot little David bopped big Goliath between the eyes with a small round stone and mowed him down.

But that was a long time ago and things have changed since then. In this day and generation it takes more than a pebble of revenue to mow down the giant of rising costs.

But that's just what we're trying to do in the telephone business—trying to match the low rates of thirty years ago against the high material and labor costs of modern times. The telephone rates in existence today were established in general in 1918 but the cost of furnishing service has risen fantastically since then.

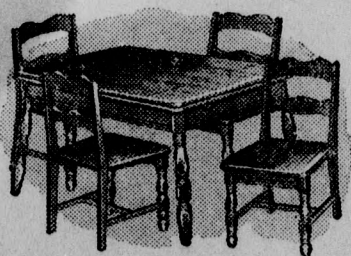

In 1918 it cost \$300 a mile to build a simple rural pole line (two wires on 25-foot poles). Today the same type of construction costs \$1,200 a mile, four times as much. In 1940 our annual traffic expense amounted to \$6.35 for each telephone in service. In 1947, with the new wage increase in effect, it will be \$21.50, an increase of 238%.

These examples will serve to show what is happening in the telephone industry, and why we are asking for an increase in telephone rates.

## NASH'S IS FOREVER NEW!

We were here 'way back in 1889 . . .

. . . one of the few stores in the friendly little town of Pasadena. Perhaps your mother—perhaps even your grandmother—shopped here when the speediest thing outside our door was a surrey with a fringe on the top! Of course, Pasadena's grown a lot since then—and we've been growing right along with it. New—for now—is the beautiful paint job that you can see just by passing by. Needing a nearer look are our newly-enlarged and modernized Street Floor Departments; our bright Boulevard Shop; our newly-moved and redecorated "Little Money Shop."

Drop in and see for yourself how sparkling-new we look for such an old, old friend.

Since 1889
